Education

MA in Media Studies - The New School (August 2024 - Anticipated 2026) - GPA 4.0

BS in Electrical Engineering – Arizona State University (August 2018 to December 2022) - GPA 3.9

Technical Skills

- **Web Development:** HTML5, CSS3, JavaScript, Responsive Design, Web Applications, Vue.js
- **Programming:** Python, API Integration, Source Control
- **Data:** Data Visualization (Plotly & Three.js), Data Analysis, REST APIs
- **Other:** Content Management Systems, UX Design, Interactive Digital Systems, Augmented Reality

Projects & Experience

[ASU Senior Engineering Capstone Web Application Project \(2021 - 2022\)](#)

- Led development of interactive web dashboard helping homeowners assess solar panel viability
- Integrated multiple APIs (Bing Maps, Google Maps, NREL Database) with Python backend
- Created responsive user interface using Dash's Plotly framework and modern CSS
- Implemented database structure for storing and visualizing location-based metrics

[Interactive Digital Systems Developer - Ohio State's ACCAD, Columbus, OH \(Jan-May 2024\)](#)

- Designed and built web-based interactive systems for audience participation
- Created responsive interfaces combining multimedia elements (music, video, poetry)
- Applied user experience principles to enhance digital engagement and accessibility

Electrical Engineering Agile Product Owner - Rockwell Automation, Mayfield Heights, OH (2022-2024)

- Led cross-functional team of 10 engineers using Agile methodologies
- Developed automated test systems using Python-based APIs
- Integrated multiple web services (Jira, Jenkins, RA-Tools, Jama) for reporting and analytics
- Built data visualization tools enabling organizational visibility and comparative analysis

Information Management Services - Arizona State University (2019-2022)

- Developed web-based data analytics tools to enhance education initiatives
- Utilized REST APIs (Airtable, Mailchimp) to automate digital content distribution
- Created interactive data visualizations for stakeholder presentations
- Implemented database solutions to track and analyze user engagement metrics

[Multimedia STEAM Instructor - Cleveland Play House, Cleveland, OH \(May-July 2024\)](#)

- Designed "Music Circle" - an interactive digital system for collaborative learning
- Created multimedia interfaces for K-4 educational programs
- Facilitated technology-based experiences through web-enabled environments

Art Gallery Security - Cleveland Museum of Art, Cleveland, OH (October 2024 - Present)

- Support visitor experience through knowledge of museum digital resources
- Effectively communicate with diverse audiences in cultural institution setting
